

**VOLUNTARY REMEDIATION PROGRAM
DEPARTMENT OF ENVIRONMENTAL MANAGEMENT**

PROJECT SUMMARY

Site Name:	CSX/Former Martin Oil Facility
Applicant's Name:	CSX Transportation
Site Location:	100 SE Second Street Washington Daviess County
VRP Site Number:	6960301
Project Manager:	Richard Harris
Date Application Received:	March, 1996
Date Project Completed:	February, 1998
Project Duration:	1 year, 11 months
Contaminant Group(s):	Volatile Organic Compounds (VOCs), Semi-Volatile Organic Compounds (SVOCs)
Media Cleaned Up:	Soil
Cleanup Goals Achieved:	Tier II Nonresidential
Deed/Land Use Restrictions:	Nonresidential

Project Description: The former gasoline service station in downtown Washington, Indiana, is approximately one-tenth acre in size. In 1994, two gasoline tanks and one kerosene tank were removed from the site. A preliminary investigation indicated that conditions at the site did not present a risk to human health or the environment. Confirmatory sampling conducted for closure demonstrated that contaminants did not exceed the Tier II Nonresidential standards. No further action was required at the site.
